Phillip Capital Inc. Employment Opportunity in Chicago (Hybrid Remote)

Senior Software Developer

Phillip Capital Inc., a US based Futures Commission Merchant (FCM) and securities broker dealer, conveniently located in the Chicago loop with easy access to trains, is seeking several **Senior Development staff** to architect and implement innovative and greenfield middle office/back office/trade reporting/risk management software solutions for its futures and brokerage businesses.

Responsibilities
- Build new secure, robust and highly scalable software solutions
- Maintain/enhance existing software applications using Microsoft .NET technologies
- Work closely with product owners and business stakeholders to understand and clarify requirements and deliver software solutions that align to the strategic direction of the business
- Support global customer base
- Develop new API and enhance existing APIs
- Contribute new ideas to improve software practices and processes
- Submit pull requests and conduct peer code reviews
- Contribute to the full life cycle of the development and software rollout process
- Produce system documentation and build to contribute to the knowledge base

Qualifications
- Bachelor's or Master's degree or equivalent combination of education and experience
- Working experience with microservices architectures
- Knowledge of financial markets and securities (equities, fixed income, derivatives)
- At least 5 years of software development experience in Microsoft technologies (C# .NET Framework, .NET Core, ASP .NET, MS SQL), Webservices, Web API, REST API, Angular/React/Typescript.
- Proficient with FIXML/XML

Optional:
- Proficient working with Message Queues or messaging middleware (IBM)
- Experience in developing applications that are deployed on AWS/Azure/Google cloud platforms (with MySQL/Postgres SQL)
- Working knowledge of Blazor
- Mobile App development experience

Note:
- We will not consider candidates sent by recruiters for this position.
- There will not be visa sponsorship available for this position.

To be considered for this position, please send a resume to careers@phillipcapital.com with "Senior Software Developer" in the subject line. Phillip Capital Inc. will not consider candidates sent by recruiters.
